Discussion seminar

Governing the European Union: The Six Founders and the Responsibility to Propose

Rome, 24 November 2016

IAI Library

Via Angelo Brunetti, 9

Working language: English

In the framework of the project Governing the European Union: The Six Founders and the Responsibility to Propose, the seminar intends to foster a fruitful debate between the contributors coming from the institutions that are part of the research network and a reflection group made by scholars, experts and professionals. During the two sessions the paper givers will briefly present the analysis and ideas on which their pieces on a specific aspect related to the issue of differentiated integration will be based. After each presentation an open debate among the participants will follow to share impressions and comments.
