The Jacques Delors Institute is the European think tank founded by [Jacques Delors](#) in 1996 (under the name-Notre Europe), at the end of his presidency of the European Commission. Our aim is to produce analyses and proposals targeting European decision-makers and a wider audience, and to contribute to the debate on the European Union.

We publish [numerous papers](#) (Tribunes, Policy Papers, Studies & Reports, Syntheses), sounds and videos, organise and take part in [seminars and conferences](#) throughout Europe, and make appearances in the [European media](#) via our presidents, director and team.

Our work is inspired by the action and ideas of Jacques Delors and guided by the general principles set out in the [Charter](#) adopted by our Board of Directors. It is structured around [three main axes](#): “European Union and citizens” – covering political, institutional and civic issues; “Competition, cooperation, solidarity” – dealing with economic, social and regional issues; “European external actions” – research with an international dimension. This work is developed by our Paris and Berlin offices (the [Jacques Delors Institut – Berlin](#)).

The president of the Jacques Delors Institute is [António Vitorino](#), a former European commissioner and Portuguese minister. He succeeded [Tommaso Padoa-Schioppa](#), [Pascal Lamy](#) and Jacques Delors. The director, [Yves Bertoncini](#), leads an [international team](#) of around 15 members, who work in close coordination with the members of our Berlin office, led by [Henrik Enderlein](#).

The governing bodies of the Jacques Delors Institute comprise high-profile European figures from diverse backgrounds. Our [Board of Trustees](#) takes care of our moral and financial interests. Our [Board of Directors](#) is responsible for the management and direction of our works. Our [European Steering Committee](#) meets to debate issues of fundamental importance for the future of the EU.

All publications are available free of charge, in French and English, on our [website](#) and through the [social networks](#). The Jacques Delors Institute is wholly independent of any political influence or economic interests.
