*Il direttore dell'Institut Jacques Delors di Parigi, Yves Bertoncini, tenta di vedere il bicchiere mezzo pieno: "Per Parigi Grexit non è mai stata un'opzione sia per questioni geopolitiche sia per ragioni economiche. Se Tsipras non riuscirà la Grecia morirà per asfissia finanziaria, ma io non credo in questo scenario"*

## Le Parlement européen aux abonnés absents

BUREAU DE BRUXELLES RENAUD HONORE - LES BOMES - 10 05/04/2013

Un an après les élections européennes, le Parlement de Strasbourg n'a pas connu les secousses que laissent craindre la forte poussée des formations europhobes. Mais il n'est pas non plus parvenu à peser plus que par le passé dans le petit jeu institutionnel européen.

Y a-t-il un seul élément électoral fait spécialement pour un député à la Chambre ? C'est le temps des élections et de leurs tentacules, qui donnaient lieu à deux lectures contradictoires. Il y avait ceux qui, en voyant les sources triomphales de Nîmes-Farge et de la Marine Le Pen, passaient sur un Parlement en marche pour l'implanter. La forte poussée europhile - symbolisée par les victoires électorales des députés de la gauche - était l'indice d'un tournant décisif : l'Europe - cendre - produisant l'action de Phœnix de Strasbourg. Et puis il y avait les optimistes, ceux qui croyaient au contraire que ce dernier avait paginé en force dans cette épreuve - après tout, les eurodéputés n'ont pas réussi à imposer pour la première fois leur candidat (Jean-Claude Juncker) au poste de président de la Commission européenne. Mais, à la fin de la législature nouvelle, le Parlement européen n'a rien connu de tout cela. En fait, il n'a pas connu grand-chose depuis un an et cette période apparaît sans doute un recul de son influence.

The Jacques Delors Institute is the European think tank founded by [Jacques Delors](#) in 1996 (under the name-Notre Europe), at the end of his presidency of the European Commission. Our aim is to produce analyses and proposals targeting European decision-makers and a wider audience, and to contribute to the debate on the European Union.

We publish [numerous papers](#) (Tribunes, Policy Papers, Studies & Reports, Syntheses), sounds and videos, organise and take part in [seminars and conferences](#) throughout Europe, and make appearances in the [European media](#) via our presidents, director and team.

Our work is inspired by the action and ideas of Jacques Delors and guided by the general principles set out in the [Charter](#) adopted by our Board of Directors. It is structured around [three main axes](#): “European Union and citizens” – covering political, institutional and civic issues; “Competition, cooperation, solidarity” – dealing with economic, social and regional issues; “European external actions” – research with an international dimension. This work is developed by our Paris and Berlin offices (the [Jacques Delors Institut – Berlin](#)).

The president of the Jacques Delors Institute is [António Vitorino](#), a former European commissioner and Portuguese minister. He succeeded [Tommaso Padoa-Schioppa](#), [Pascal Lamy](#) and Jacques Delors. The director, [Yves Bertoncini](#), leads an [international team](#) of around 15 members, who work in close coordination with the members of our Berlin office, led by [Henrik Enderlein](#).

The governing bodies of the Jacques Delors Institute comprise high-profile European figures from diverse backgrounds. Our [Board of Trustees](#) takes care of our moral and financial interests. Our [Board of Directors](#) is responsible for the management and direction of our works. Our [European Steering Committee](#) meets to debate issues of fundamental importance for the future of the EU.

All publications are available free of charge, in French and English, on our [website](#) and through the [social networks](#). The Jacques Delors Institute is wholly independent of any political influence or economic interests.
